

Hahnfeldt Surpasses Two State Records; Arlington Wins Meet

Schroeder, Szasz, Rohl-
wing Score 32 of Ar-
lington's 40 Points

Two state records were bettered and five of the 12 track records broken at the Third Annual Palatine Invitational track and field meet Saturday. Arlington Heights won the meet with 40 points.

Libertyville was second with 24½ points, and Palatine third with 23. Other schools and their scores were: Woodstock, 22; Barrington, 16½; Geneva, 15½; Naperville, 13½; Crystal Lake, 12; Grant (Fox Lake), 7; and Bensenville, 6.

Eddie Hahnfeldt, husky blond Palatine high school athlete, was the star of the meet when he surpassed two state records. He tossed the discus 145½ feet. The state record was set last year by a lad named Farnonville of New Trier who sailed the platter 139 feet 10 inches to break a mark of 10 years standing.

Hahnfeldt threw the javelin 186 feet 10 inches, surpassing the state record of 185 feet 2 inches set in 1930 by Duane Purvis of Matteson, later Purdue university athlete and javelin winner in the Big Ten. Hahnfeldt also took first place in the shot put to score 15 points, high of the meet.

Following in high scoring order were Walter Schroeder, Steve Szasz, and Norbert Rohlwing, all of Arlington Heights high school, who together scored 32 of Arlington's 40 points. Rohlwing broke the old track record of 2 minutes 7.6 seconds for the 880 yard run by circling the half mile in 2 minutes 5.3 seconds. He also tied with Osborn of Barrington to set a new record of 54 seconds for the 440 yard dash. The old mark was 55.7 seconds.

Mervin of Woodstock pole vaulted to a new track record of 12 feet 7 inches, just three-fourths of an inch under the state record. This broke the previous track record of 10½ feet which he set last year. (Continued on page 5)

DU PAGE FUNDS ASSURE RELIEF FOR NEXT WEEK

County's \$10,000 Surplus
Will 'Carry On' until
May 9

With a \$10,000 surplus in the treasury of the DuPage county branch of the Illinois Emergency Relief commission in the Hawthorne school in Glen Ellyn, officials of that organization state that they will be enabled to continue relief in the county until May 9.

The surplus was built up when Miss Margaret Gaynor, head of the branch, in asking for the April allotment anticipated colder weather than has prevailed.

With other counties throughout the state in dire straits it is quite likely that emergency legislation will be enacted in Springfield within the next few days and this surplus will carry DuPage county relief cases through the crisis. The bill which was to have increased the sales tax 1 cent to finance relief in the state failed in the house of representatives in Springfield week before last, but passed the senate last Thursday. If, when it is returned to the house, it is passed, relief officials' worries will be over. However if the house is stubborn and again refuses to approve the bill, other means of raising the money must be employed.

Members of the staff of the IER are showing their loyalty to the cause by volunteering to work without pay until a definite decision is reached in regards to the continuation or culmination of relief. Their last pay-day was Tuesday.

PALATINE MAN IS KILLED BY AUTO'S FUMES

Work Next Day Was To
Have Ended 11 Month's
Unemployment

Only a few hours before he was to have gone to work after 11 months of unemployment, William Leahy, 51 years old, of Palatine, was overcome by carbon monoxide fumes in the garage of his home Tuesday night. The garage is a part of the home structure, located about two miles south of Palatine and a half mile west of Plum Grove road near Donkey Inn.

An inquest convened in the Danieles funeral home in Palatine on Wednesday morning, returned a verdict of accidental death. Cause of death was definitely determined by an autopsy. Burial will be in Chicago. Mr. Leahy leaves a grown son and his wife.

He was to have begun work on Wednesday as driver for a dairy. His wife and son had been in Chicago since Sunday. Returning home about 9 o'clock Tuesday night, they found two dogs in their home sick. Going through an open door into the garage, the son found the third pet dead, and his father's still warm body in the auto.

He opened the doors, backed the auto into the open air, and called a doctor, whose efforts to restore life were useless. George Meyer, Palatine township constable, and state police officers S. Imbros and A. Knapp were called. The officers shot the suffering pets.

A JOB FOR PARENTS

Do automobile drivers of high school age need instruction in safe driving?" is the subject of bulletins recently received by Principal A. M. Conger of the high school, and upon examination of some of the charts contained in these bulletins, as published by the Travelers' Insurance Company, the following rather startling facts are disclosed:

In 1934 the ratio of drivers under 18 years of age involved in fatal accidents to the total of such drivers in all accidents, was 65 per cent more than the average for all drivers.

In attempting to analyze the reasons for this rather serious condition, the questions naturally follow:

"Are high school drivers more reckless or less informed on traffic regulations?"

Are the high school drivers likely to recognize their obligations to other drivers?

Do high school students receive sufficient driving instruction before being allowed to handle a car alone?

Several pupils attending the Arlington Heights high school have been injured during the past few months. There have been rather bad accidents, which have made it necessary to caution the pupils about their manner of driving in the vicinity of the high school.

It also has seemed wise to ask the parents to satisfy themselves as to the ability and trustworthiness of the driver of the car in which their children ride to school.

Several of the accidents which have occurred in the last few weeks might have been fatal to the occupants of the cars involved.

The Herald believes that more careful supervision should be kept over a young person of high school age when entrusted with the family car.

Eighth Grade Operetta Is Friday Night

The eighth grade of the Arlington Heights public school is presenting an operetta "Paints and Patches" Friday night in the Arlington Heights high school auditorium.

The cast includes many real and amusing characters with Gail Peterson as Rastus, de man of all work; Francis Oeflein as the dreamy professor of art, with his class of art students, Howard Wenzel, Wallace Schuett, Maxine Johnson, Lillian Fuhr, Patricia Haemker and others.

Retta Carver and Ruth Bird play the parts of the Chinese maid, Teng Selah, and the servant, Amah, with Perry and Winkle the two policemen of the Town of Bohunkus played by Marvin Kuhl and Roger Colby. Howard Heller is a kindly old sheriff, and Harley Easton is the plain clothes man who knows Miss Rerrivinkle.

The choruses are peppy and made even more lively by the dancing girls, Jean Hanauer, Dorothy Hanauer, Grace Franke, Ethel Long, Bernice Garms, Helen Palmer, Esther Dagget and Evelyn Vogel.

The production is directed by Miss Fern Lorenzen. Accompaniments are played by Miss Elsie Bears, and the dancing is directed by Miss Bernice Diederich.

FEVER CASES GROW, OFFICER GIVES ADVICE

Four More Quarantined
Monday Bring Total
To 14

With four new cases of scarlet fever reported Monday morning to bring Arlington Heights' total of cases of that disease to 14, Levi Heap, village health officer, issued a set of five suggestions to help stamp out the contagions. They are:

"1. If your child does not feel well, especially if he complains of sore throat or nausea, put him to bed and keep all company out of the home and call your family doctor.

"2. If your child has a rash, keep all company out of the home, keep all of your children home from play and out of school, call your family doctor at once.

"3. If anyone in your family complains of sore throat or not feeling well, isolate him, preferably put him to bed, watch him, and if any more symptoms appear, call your doctor.

"4. Keep your quarantine. Scarlet fever is too dangerous for you to carelessly give it to your neighbor's children. When quarantine sign has been taken off your house, and according to the law there is still a week left before your children return to school, do not send them to the show nor to church nor any place where there will be a crowd. Keep them at home that week. Protect your neighbor's children.

"5. If you are not sure about your quarantine, ask the health officer when he puts the sign on your house, or send word to him and he will be glad to instruct you.

Cases of measles, Mr. Heap reported, are decreasing. Monday only 12 to 14 cases remained in the village.

New Band Master at
Arlington High School

The board of education of Arlington Heights high school may be perfectly satisfied with the present band master, but the stork brought a new one to town last Friday when an 8½ pound son was born to Mr. and Mrs. Costain at the Evanston hospital. Dad says that the youngster has already demonstrated that he is possessed of good wind. "All of his playthings are going to be musical instruments," says Mr. Costain, "even if he usurps dad's job."

Five hundred men in northwestern Cook county outside the City of Chicago were "laid off" from work relief projects Friday afternoon when the order to cease work was sent out by the IER headquarters in Chicago. The state's funds for relief had ended.

Postmaster Ben Helfers Now Retired

When Ben Helfers locked the door of the Arlington Heights postoffice Tuesday night, meant the completion of ten years of postal service, eight of them as postmaster. He became a clerk under Postmaster Wm. F. Meyer in 1926. Two years later, upon the retirement of Mr. Meyer, he was appointed to the position, which appointment was again made in 1930.

With the accession into power of the Democratic party, it was only a question of time before he would be replaced. Although he had never entered politics and was not known as a republican or a Democrat, Mr. Helfers, won his original appointment to the position due to his pleasing personality, obliging service that he was always ready to give, and his qualifications. It is seldom that such an appointment goes outside of political channels. Ben has been a good postmaster, he has done his job well. The office has increased in importance and service until today it is one of the important postoffices in northwest Cook county.

Mr. Helfers is still on the civil service postal list.

Mrs. Dodge New Postmistress
Mrs. Dodge is the first woman to ever hold the position of postmistress in Arlington Heights. When assuming her new duties Wednesday morning, she said, "I am ready for my job. As the postal regulations are very definite, a postmaster has little choice as to the manner in which the office shall be conducted, but it will be my aim to give as good a service as is possible."

Invention Award to
Fairbanks - Morse

First prize for the most useful invention in the home appliance field during 1934 has been awarded by the National Inventors' Congress, held at Tulsa, Okla., for the special auxiliary door featured in the electric refrigerators produced by Fairbanks-Morse & Co. The Fairbanks-Morse refrigerators are on display at Studtmann Bros. Arlington Heights and Des Plaines.

First Barn Dance
Of Season Given by
Mt. Prospect Post

The first barn dance of the season will be given at Moehling's barn on Center road, west of Arlington Heights road Saturday night. Music is by Wally Hahnfeldt's orchestra.

The sponsors are the boys of Mt. Prospect post No. 525.

Through money from the county, they were put on subsistence relief until Tuesday night, when all relief ended for a thousand families in the area. Governor Henry Horner, conferring with Harry Hopkins, relief administrator, in Washington, found the latter refusing federal funds to Illinois until the state provided its share of the money.

The state legislature, in session at Springfield, passed a 3 per cent sales tax bill through the senate to provide the funds for relief. The house had turned down such a measure. A feature of the proposed sales tax increase is that the tax payment would be made by special fractional currency.

Palatine, Arlington Heights
In both Palatine and Arlington Heights between 80 and 100 men had been working on relief projects. In both towns and in Mt. Prospect they were removing dead trees and stumps from the streets, and planting trees.

In Palatine they had the high school athletic field just about ready to seed.

Two Arlington Heights projects were finished the last day of work. One was the brick veneer work on the house sheltering the new pump. The other was the landscaping of the grounds about the new water tower, constructed with PWA funds.

An Arlington Heights project interrupted by the cessation of work was the improving of the grounds at the Southside school. Work in the forest preserves and at several rural schools was also halted. The kindergarten and nursery school at Palatine were closed.

Workers Laid Off
About 100 farmers throughout the area who had been working off drought relief loans by hauling materials and doing teaming for relief projects were forced to stop their work when the laborers quit.

Watchmen, provided by the relief administration to protect school children on railroad and highway crossings, were also taken from their posts.

The men on relief jobs would rather work than sit around taking direct relief "charity" and doing nothing for it. The possibility is that with the untangling of the financial snarl they will be put back to their jobs, but when that will be is a question.

Work Relief Men Free
To Accept Farm Jobs
Says IER Announcement

To avoid interference with labor needs of farmers, work relief men are to be removed from projects and made free to take employment, according to an announcement from the IER office Friday. Refusal to take other employment will be cause for removing the men's names from relief rolls.

In a special announcement, the state relief headquarters stated, "The relief administration will cooperate to the utmost in seeing to it that regular fields of employment are not interfered with by the work or direct relief program, and that relief clients who refuse employment will be removed from the relief rolls."

CHRISTIAN SCIENCE CHURCHES
"Probation after Death" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, April 28.

The Golden Text was, "God will redeem my soul from the power of the grave: for he shall receive me" (Psalms 49:15).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "The Lord is my light and my salvation; whom shall I fear? The Lord is the strength of my life: in thy presence is fulness of joy; at thy right hand there are pleasures for evermore" (Psalms 27:1; 16:11).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "We know that all will be changed in the twinkling of an eye, when the last trump shall sound; but this last call of wisdom cannot come till mortals have already yielded to each lesser call in the growth of Christian character" (p. 291).

WHO'S WHO

No business man too big to escape
By GEORGE

The Jim Farley of Arlington Heights is none other than our village treasurer, Wm. F. Meyer. Born in Arlington Heights about 42 years ago, Bill had made his presence known in the village ever since that time. Attended the Lutheran parochial school and laid a ground work for his public school and high school debut.

He is a quiet sort of a man today, but in his high school days he was the perpetrator of the many larked about escapades that happened back about 1910 and 1911. The stories Mr. Gamble and Miss Dale could tell about this boy would be sensational—at least he and another fellow were blamed for being instrumental in removing the school bell for about a month or so, and for other little annoyances such as filling the ceiling ventilators with sand which fell upon the principal's head at the proper time, sending the school into hysterics. Boy, oh boy, the things I could tell about this Bill Meyer.

He graduated in 1911 and started for Knox college, returned in a short time because their football teams were not so hot. In 1912, he, Ralph Allison and George Schmeberger started for Northwestern. He went out for football and made his numerals. In his English class, his reason for coming to Northwestern, was the best written that year, and the University published thousands of copies of this theme and sent them all over the world. While at Northwestern he and the other lads joined Delta Upsilon fraternity.

When Bill returned to Arlington Heights, he worked with this paper and then received an appointment as postmaster of Arlington Heights. He married a Kentucky girl and they have a boy and a girl. The boy is in grade school and from reports I've heard I wouldn't be surprised any day now to hear that Bill Jr. had hidden Mr. Whitmore in order to give the school a holiday or two.

A change of administration in Washington, and Bill lost his job at the post office. He was always active in civic affairs and the visual betterment of the village. Through his efforts the village secured the park system we now have. He became a member of the first park board. He has also been president and secretary of the Business Men's association and many other honors.

He is now holding forth at the village hall, receiving your money for assessments and water bills, dog taxes, vehicle tags and what not. He and Fred Lorenzen are the genial men who cheerfully adjust the occasional mistakes of the water reader. They say that life is beginning to take on a rosy hue since the new well has been drilled.

You automobile owners would hurry over and see Bill and get your vehicle tags if you knew how cheerfully Bill will take your money—lines form to the right.

tract, Sandra decides she has had enough, and leaves. Then Skeets, as the combination friend and butler, steps in, gets Jeffrey his contract back, and brings the two love-birds together.

Mr. John Monroe is away for a few days on a business trip to Indiana.

Miss Bernice Perrin is enjoying a two weeks vacation, spent just getting caught up on a lot of things she hasn't had time to do and visiting friends.

Mr. and Mrs. Chas. Klock are moving from South Mitchell, closer to their place of business.

The Des Plaines - Arlington Heights club will meet this week Friday with Mrs. Hugo Behrel.

Mrs. Homer Byrd and Mrs. O. G. Barrett attended the P. E. O. convention in Springfield three days last week.

Mr. and Mrs. John Monroe and son, Jackie, spent Sunday in Woodstock with Rev. and Mrs. Monroe.

Kinderheim Auxiliary To Present a Scenic and Pageant Drama

A rare treat is in store for Sunday evening, May 5, when "A Dream of Queen Esther," a drama of great scenic beauty and pageantry will be presented by a large and able cast at the Lutheran school gymnasium at Des Plaines at 8:00 p. m., under the auspices of the Northwest branch of the "Kinderheim Auxiliary" for the benefit of the "Kinderheim" at Addison.

The cast includes many well known members of the Walther League of the Northwest area, and a chorus of children from Arlington Heights.

There will be only one presentation and all lovers of good drama are urged to take advantage of this opportunity to view this big spectacle at a nominal cost. You will find it entertaining and inspiring.

This is the first large venture of the Auxiliary and the ladies hope you will support their effort by your attendance.

Don't forget to see "A Dream of Queen Esther" Sunday, 8:00 p. m., Lutheran school hall, Des Plaines.

The Chautauqua Was Good Entertainment

The Chautauqua given by the Ladies' Aid society of the M. E. church was a great success and well attended notwithstanding the rain of the evening. The two hour program was interesting from start to finish. The music of the "Gay Nineties" was an early feature and well produced.

The little play, so well put on was an attraction of unusual merit. Miss Stella Langworthy of the whistling ensemble brought applause from all with her contralto whistling solos, and was pleasing in her presentations. The minstrel with which the evening entertainment closed brought many a disguise to the stage that made an interesting study. The blending of voices was excellent while William Franke, as general manager conducted the program with his usual grace and good nature. All pronounced it a great evening of merit.

Ladies' Aid Gives Style Show of the Early Nineties

There are style shows and style shows, but few of the styles of one that followed the luncheon given by the ladies' aid of the Arlington Heights Presbyterian church Tuesday noon. Many a cedar chest was opened and highly prized gowns of the past again saw the light of the day. The exhibit of the styles of the early nineties and earlier was a part of the program enjoyed by the 200 women attending the luncheon.

Of course there had to be a spinning wheel in the picture and Mrs. Draper, president of the club, and of a pioneer family wearing her mother's clothes operated the wheel, spinning the yarn as Ruth Wenzel sang, "The Old Spinning Wheel."

There was many a wedding gown from olden days, but they were modeled by others than the original wearers. Catharine Behrens wore the gown of Mrs. J. D. Flentie; Mrs. Eleanor Hackbarth, that of her mother's, Mrs. Adam; Mrs. Norma Gustafson, the gown of Mrs. Albert Meyer; Miss Jane Franke, the gown of Mrs. Wm. Muller.

Mrs. John L. Grose modeled a very charming costume of her grandmother, including slippers that is 75 years old. Mrs. E. A. Elfeld wore a male costume that included an Abraham Lincoln beaver hat, a velvet vest and a check quilted overcoat, all the original property of Miss Heller's father. She also wore a handmade shirt that is nearly a hundred years old.

Eight little girls gave a maypole dance, the children being Carol McWharther, Carol Peter, Kathryn Nichols, Beryl Wayman, Peggy Bowman, Mary Lou Thompson, Edna Laubinger and Ann Volz. Another pretty number was "April Showers" given by Carol and Royce McWharther.

Mrs. Mitzlaff was soloist. There were thirty costumes in all, only a few of them being mentioned above. Mrs. Noyes, chairman of the program committee announced the style numbers.

woods, the meadows, the brooks
and streams all over—and no tax
to pay on them. Think of such a
glorious heritage. If you have a
garden, or even a small flower bed,
what joy you can get from the
buds and blossoms. Don't worry
over the "runs" in your stockings,
or the person who is reaping where
you had sown—cheer up! If we
don't enjoy and be glad in this,
appreciate the good and beautiful
things in life, how can you en-
joy and be happy in the life be-
yond?

We were hurrying home the
other day to work needing to be
finished. Had heard of sorrow that
came to some of our friends—and
not in a most cheery mood when
all at once we met one of our old
time neighbors. Mrs. Dibley, who
left here for Evanston, four or
more years ago. It was like a
bit of sunshine to see her cheery
face again, and to know that all
was well with herself and family.
So many pleasant things come to
us on life's pathway. Let us think
on these things and be sure to
radiate cheer to others who are
sad.

Let's only mention kindly things
And just forget the bad ones
"This cheering up a body needs.
Then try to cheer the sad ones.
If you have grief, don't cry
If it should sleep, to wake it,
'Tis braver far to smile than sigh.
For life is what we make it.

There is a sunnyside to men
If only you believe it
There is a light in every soul
If you in light—receive it.

O' yes, there is much good in all,
And we perchance may wake it;
That magic wand, held in your
hand
Will prove life's what you make it.

Then here's to all who loving, shed
Sweet joy and light about them
Before them blackest shadows fled;
What could we do without them?

Have you ever been in a com-
pany of friends, and noted how sel-
dom the conversation turns to
pleasant subjects? One is surpris-
ed to hear how few note the good
and happy incidents in the lives we
live. Not that we would have the
sick, the sorrowing or the needy
forgotten—yet we do not help them
by rehearsing their plight.

Here is something worth while
to stir a bit of joy for our town.
A woman is given a position in our
public affairs. For so many years
have had the right of suffrage "re-
stored" (not given) to them, we
would read and hear of other towns
realizing that women held equal
voting power with the men—and
could men have majority to elect
a man to office—now we have a
woman, Mrs. Virginia Dodge for
our new postmaster.

We congratulate Mrs. Dodge on
her success, and trust she may
have strength to carry on in an
official position, in no sense an
easy one. One thing she may have
to encourage her. In over forty
years residence in this old town,
we have heard no fault found with
our postmaster—this should give
her courage in her work.

Those who don't live on Dunton
street these times have missed
some grandly spectacular adver-
tizing by one of our popular chain
stores—carried on the pavement in
front of the National. A clown in
costume with all the colorful spots,
pranks, and thrills. Dancing music
and a barter to solicit trade by
offering cakes, coffee and "what
have you" to get folks inside the
store.

Speaking of stores reminds me
of this: A stranger in town said

to a boy he met, "I hear your
father is about opening a store; is
it on this street?" Yes, he opened
it last night and the police are
after him now; he didn't get much
either." Of course you know it
wasn't any store in our town he
opened.

A robin sang right cheerfully.
The worm inside him wiggled.
A wood pecker tapping on the tree
Stopped to listen and giggled.
Good folks, why heed depression's
rumor,
And go in gloom about it—
Be saue, and wake your sense of
humor,
Sing like the birds and flout it.

Yes, it is a sense of humor we
all need to keep us sane, when all
the world's in turmoil and confu-
sion; and new wisecracks is a cure
all. We need more of them. Here
is one, just recently heard, might
be a hint to Huey Long—and others
of our oft-interrupted public speak-
ers. Charles Lamb was addressing
a large audience, when some one in
the crowd hissed. Lamb startled,
said "who hissed?" There are but
three creatures that hiss, the
roose, the rattle snake, and the
fool—stand up and let us see which
of these you are." In the language
of the Oxford Edition (Aint that
awful?)

Here comes May first, and we
must give it a bit of attention—in
other years, we gave in observers
column the history of the May day
celebration. Just like history I re-
peat myself. I'll only remind you
that Chief I am many with his
tribe of Indians on May—on an is-
land had the first known May-pole
flower decked with his tribe dan-
cing about it. And from this same
Indian Chief, New York's noted
Tammany power in politics got its
name.

Let me just remind the younger
generation, who too often are led
by too many gloomy old folks to
think May day and all other, bright
happy days lose their charm as age
comes on. Not so dear children—
your May days will always be
bright—if you keep the light of
hope, love and expectation glowing
within.

O' come with me a-maying,
Life's morning is a joyous thing;
We'll breathe our very fill of it,
And find the glorious thrill of it.
While youth and hope are stray-
ing
Where all Earth's joy bells ring.

O' come with me a-maying,
Life, it is such a fleeting thing,
We'll flash into the light of it,
Bathed in the golden light of it,
While pipes of Pan are playing
For morn, and youth and spring.

O' come with me a-maying,
Where meadow beauties bloom;
Where bob-o-links and blue birds
flit,
And daisies deck the ways of it—
Where violets are delaying
Till roses spill perfume.

O' come with me a-maying
Life, it is such a gripping thing;
We'll rush, into the maze of it,
And bear the brunt and blame of it
With courage never staying
Defiant meet its sting.

O' come with me a-maying
Life's mid-way a mysterious thing,
We'll march, into the maze of it,
To woo and win the ways of it;
Though all the world is saying—
Wisdom with years takes wing.

O' come with me a-maying
The woods with anthems ring;
Where orioles and mock birds flit,
And bluebells, bugles blow for it,
And Thorn and crab-boughs swaying
Their blossom censors swing.

"Three Men On A
Horse" Continues
At Harris Theater

The laughing byword of Chicago
right now is the enormously suc-
cessful "Three Men on a Horse,"
the prize-winning stage comedy
which prances along merrily at the
Harris Theatre. According to
Charles Collins, veteran drama
critic of the Chicago Tribune, "this
is the funniest show in years."
Lloyd Lewis, of the Chicago Daily
News, and a most interesting writ-
er, in a feature article recently
said:

"On New Year's day last, '3 Men
on a Horse' was just another show
getting ready for Broadway. It
opened—a hit. Then came the Chi-
cago company—another hit—and
now the announcement from Alex.
Yokel that a third company of '3
Men on a Horse' is rehearsing day
and night. This is the Harris
company. It opens in Toronto on
May 6. Not even the code can
stay the triumphant pace of '3 Men
on a Horse,' which right now is
the money-winning comedy of the
year. Three companies, and soon
fourth, as well as a London unit,
which Yokel will do with Gilbert
Miller. The Los Angeles company
will open at the Biltmore Theatre
to keep pace with the racing sea-
son before May is out.

"At this rate of production '3
Men on a Horse' is fast becoming
an industry. Not since the boom
days of the nineteen-twenties has
the legitimate stage boasted of a
hit with three and four companies,
let alone two that thrived."

Ashton Stevens, famed critic of
the Chicago American raves about
the Chicago company of "Three
Men on a Horse." He says further
"Here is a comedy of a type that
has come down through many ages
of theatrical history without ever
getting out of fashion. It is based
on an ingenious idea that appeals
to men and women alike—a fan-
tastic way of getting money for
nothing."

Size of Great Dismal Swamp
The great Dismal swamp in North
Carolina and Virginia covers an
area of about 1,500 square miles.

O, come with me a-maying,
Life's evening's a victorious
thing;
Clothed in the crowning calm of it,
Age dreads the darkness, not a wit,
Beyond the shadows grayling
Hail! hail! I'm mortal spring!

LEYDEN WINS IN FIRST GAME WITH ARLINGTON

Five runs in seventh bring 10-8 victory; Cards once ahead 8-1.

In their first conference start of the season Arlington's baseball team dropped a weird affair 10-8 to Leyden, Friday. At one time in the game Arlington led 7-0 then 8-1. Then they collapsed entirely. Leyden scored five runs in the seventh inning.

In the last half of the seventh Arlington's three batters committed the unforgivable sin of taking the third strike with their bat on their shoulders. All three men went down without a swing.

The Cardinals apparently had the game in the bag and seemed to think so. They immediately hoped on Williams, Leyden's starting pitcher, for all their runs. Then they started dropping the ball and throwing it around promiscuously. Leyden had been disheartened, but took new life at the signs of Arlington's carelessness. Mistakes and errors got Mel Kehe, Arlington's twirler, in the hole. Then Leyden started connecting with solid hits and hammered out earned runs in the seventh.

RED WINGS WIN FROM CHICAGO IN FIRST GAME

Schaefer and Diederich Pitch to 22-5 victory; Barrington at Arlington Sunday.

Before a crowd of fans that lined the field despite the cold weather, the Arlington Red Wings won their opening game last Sunday in mid-season style by trouncing the Gately Wheelers of Chicago 22 to 5, with Schaefer and Diederich pitching the Red Birds to an easy victory.

Conlin, starting pitcher for the Wheelers, had two good innings at the start, but was removed in the fifth inning, and was succeeded by Revell, Russell, and Cardinal, the Wheelers using four pitchers in an attempt to stop the hard hitting Arlington team.

Schaefer, the winning pitcher, got an early jump on the Chicago boys by hearing down from the start, until the seventh inning when he was relieved by Billy Diederich, now a regular addition to the Red Wing pitching staff. He finished the game to prove his worth as one of the regulars on the mound for the Red Wings.

With this addition, the Red Wings now have three dependable pitchers, the other being "Peanuts" Meyer. Behind the plate, Rox Bolte again is telling these boys just what to feed the batters. In a change of position to first base, Ray Willert, former outfielder, gave a good account of himself.

Although Sunday's game was a one-sided affair the crowd was treated to some good clean hitting and long driving. Frank Brodman collected two triples, Bolte a triple, and Schaefer and Willert, doubles.

Sunday afternoon at 3 o'clock the Red Wings will meet the Barrington nine at the Red Wing ballpark. These two teams split even in a two game series last season.

DISTRICT MEET SATURDAY

Track and field stars of high schools throughout this area will meet at Evanston Saturday in the annual district meet. Winners will go to Urbana the following week to seek state honors.

Bing Crosby in "Mississippi" at the Rialto Next Week

Songs, comedy and romance in a colorful tale of the old South are the entertainment features offered in Paramount's "Mississippi," starring Bing Crosby, W. C. Fields and Joan Bennett and coming Sunday for four days to the Rialto Theatre, Elgin.

"Mississippi" is the story of the Yankee youth who became the terror of the dueling and fighting South and then reformed to win Dixie's loveliest belle. Crosby introduces four new Rodgers and Hart tunes in "Mississippi," as well as a special arrangement of that perennial favorite, "Swanee." He is assisted in the singing by Queenie Smith, star of the musical comedy stage, and The Cabin Kids.

Directed by Edward Sutherland, "Mississippi" features John Miljan, Gail Patrick, Fred Kohler and Claude Gillingwater in the dramatic cast. The picture was adapted from the play by Booth Tarkington.

Secret Service Exploits Basis of Screen Drama; Cagney Cast as 'G Man'

"G Men, First National's picture written about the heroic deeds of the secret service men in the United States department of justice, is now showing at the Chicago theatre.

The picture is said to be one of the most thrilling and dramatic pictures ever presented, based on sensational newspaper headlines which have covered the front pages of all the dailies of the country.

While the picture presents no names of the public enemies nor emphasizes any time or place of the actual battles, few will miss the actual connection of the occurrences that take place.

The production is enacted by an all star cast headed by James Cagney as the leading "G Man," the red headed star having turned from crook roles to government agent. Margaret Lindsay has the leading feminine role opposite him.

WHEELING

Wheeling was well represented at the circus last Saturday. A large number of children attended the morning performance sponsored by the Shriners at the Chicago Stadium and Coliseum.

Mrs. Agnes Becker has been away on a business trip to Minnesota the past week.

Master Jack Schmidt of Chicago has been spending his spring vacation with his grandparents, the Bellmores.

We are pleased to note that Miss Betty Loibel has recovered sufficiently from her recent operation to leave the hospital and at present is staying with an aunt in Rogers Park. Miss Loibel was suffering from a badly ruptured appendix when operated, making her condition very precarious. Dr. Larson used a new serum to combat the infection and has been very pleased with the result. We hope she may continue to improve and regain her former strength.

The John Carter family of Chicago spent the week-end here.

Ninth District News

On April 24, the District Board meeting was held at the home of Mrs. Helene Omilie, Committee reports were given. The membership chairman reported that we have 1616 members in Ninth District.

The Community Service chairman reported that she has received 20 layettes and has had calls for 4 of them. Each unit in the District helped make these layettes.

The rehabilitation chairman reported on the success of the party at N. Chicago. We are very proud of the work done by Mrs. Helen Klock.

The next District meeting will be held May 16, at Norwood Park Field House, with Edison Park Auxiliary as hostess.

The Answer Is "YES"

Merchants and users of advertising space contemplating building up business or increasing their business in northwest Cook and north Du Page counties, naturally ask the question whether the Paddock newspapers covering this field are their best bet. The answer is "YES."

EXPERIENCE OF OTHERS HAS PROVED IT

The huge circulation of the Paddock newspapers, reaching hundreds of farmers as well as village folk, brings a story of advertising success to dozens of advertisers week after week. Examine any Paddock newspaper and note the variety of advertising appearing in every issue. Also note the volume of fresh, live news in every issue. This tells the story: Live news, interesting to all classes of people and therefore read by all classes of people means an ideal advertising medium.

That's Why Advertising Pulls the Business through Paddock Newspapers

(Here is an unsolicited testimonial from a firm which has enjoyed extraordinary results from regular advertisements in the Paddock newspapers. This is but one of the many reports of satisfaction that reach our office).

We are continuing our advertising through the month of May and would like to have your man stop in every week ad pick up same. If our business continues as good as it has been we will give you more advertising.

The new 1935 Oldsmobile is a great car, and our new car sales have been very satisfactory.

Diets for Reducing Discussed in Bulletin of Agriculture College

Women, and even men, who succumb to the popular urge for reducing will find there are no safe short cuts and no magic methods by which weight may be lost, according to a new circular, "Safe Reducing Diets and How to Plan Them," which has just been issued by the College of Agriculture, University of Illinois. Miss Harriet T. Barto, assistant professor of dietetics, is author.

While there is no magic method, it is not necessary to resort to semi starvation or to peculiar combinations of food entirely unlike an ordinary diet in order to lose weight, Miss Barto explains. Planning a sane reducing diet is simple, for such a diet differs from an adequate diet for a person of so-called normal weight only in the number of calories it supplies, she said. It is entirely possible, she says, to lose weight and at the same time to enjoy meals that look and taste appetizing and are ample enough to prevent a feeling of dissatisfaction and hunger.

Illinois Dunes Park Opened Last Saturday For Its Second Season

More than 100,000 persons are expected this summer at Dunes Park of Illinois, Chicago's newest natural playground between Waukegan and the Wisconsin state line. It's second season opened Sunday. The park has 1500 acres of woods and dunes and along its three and one-half miles of Lake Michigan beach.

As was the policy last year, the area which is the last tract of its kind in Illinois, available to the public, will be kept in its present natural condition. An admission charge of 10 cents per person will be collected. One-third of the receipts after taxes, go into a fund for the purchase of the land which it is planned to convert into a permanent state park.

Conservation societies are co-operating in preserving the natural character of the area. More than 200 varieties of birds and scores of kinds of flowers are found in the park. One of the chief points of interest is the forest of pines which were planted nearly 70 years ago by the late Robert Douglas, a pioneer of Lake county.

Planning Model Contest—

Boys and girls in the Cook county schools are competing in a non-flying scale model airplane contest for air-minded boys and girls in the 400 county schools. The winners of this contest will receive an Otto F. Aken trophy and winners in the six school divisions will be awarded winged-whistle identification tags. The contest closes this week. County Superintendent Aken is pictured discussing plans for the contest with (left to right) Raymond Pankow, Philip Sedory, Gordon Blau, Stanley Janziewicz, and George Herbert.

Hahnfeldt Surpasses Two State Records; Arlington Wins Meet

Schroeder, Szasz, Rohling Score 32 of Arlington's 40 Points

Two state records were bettered and five of the 12 track records broken at the Third Annual Palatine Invitational track and field meet Saturday, Arlington Heights won the meet with 40 points.

Libertyville was second with 24½ points, and Palatine third with 23. Other schools and their scores were: Woodstock, 22; Barrington, 16½; Geneva, 15½; Naperville, 13½; Crystal Lake, 12; Grant (Fox Lake), 7; and Bensenville, 6.

Eddie Hahnfeldt, husky blond Palatine high school athlete, was the star of the meet when he surpassed two state records. He tossed the discus 145½ feet. The state record was set last year by a lad named Farnonville of New Trier who sailed the platter 139 feet 10 inches to break a mark of 10 years standing.

Hahnfeldt threw the javelin 186 feet 10 inches, surpassing the state record of 185 feet 2 inches set in 1930 by Duane Purvis of Mattoon, later Purdue university athlete and javelin winner in the Big Ten. Hahnfeldt also took first place in the shot put to score 15 points, high of the meet.

Following in high scoring order were Walter Schroeder, Steve Szasz and Norbert Rohling, all of Arlington Heights high school, who together scored 32 of Arlington's 40 points. Rohling broke the old track record of 2 minutes 7.6 seconds for the 880 yard run by circling the half mile in 2 minutes 5.3 seconds. He also tied with Osborn of Barrington to set a new record of 54 seconds for the 440 yard dash. The old mark was 55.7 seconds.

Mervin of Woodstock pole vaulted to a new track record of 12 feet 7 inches, just three-fourths of an inch under the state record. This was the previous track record of 10½ feet which he set last year. (Continued on page 5)

DU PAGE FUNDS ASSURE RELIEF FOR NEXT WEEK

County's \$10,000 Surplus
Will 'Carry On' until
May 9

With a \$10,000 surplus in the treasury of the DuPage county branch of the Illinois Emergency Relief commission, the Hawthorne school in Glen Ellyn, officials of that organization state that they will be enabled to continue relief in the county until May 9.

The surplus was built up when Miss Margaret Gaynor, head of the branch, in asking for the April coal allotment anticipated colder weather than has prevailed.

With other counties throughout the state in dire straits it is quite likely that emergency legislation will be enacted in Springfield within the next few days and this surplus will carry DuPage county relief cases through the crisis. The bill which was to have increased the sales tax 1 cent to finance relief in the state failed in the house of representatives in Springfield week before last, but passed the senate last Thursday. If, when it is returned to the house, it is passed, relief officials' worries will be over. However if the house is stubborn and again refuses to approve the bill, other means of raising the money must be employed.

Members of the staff of the IER are showing their loyalty to the cause by volunteering to work without pay until a definite decision is reached in regards to the continuation or culmination of relief. Their last pay-day was Tuesday.

PALATINE MAN IS KILLED BY AUTO'S FUMES

Work Next Day Was To
Have Ended 11 Month's
Unemployment

Only a few hours before he was to have gone to work after 11 months of unemployment, William Leahy, 51 years old, of Palatine, was overcome by carbon monoxide fumes in the garage of his home Tuesday night. The garage is a part of the home structure, located about two miles south of Palatine and a half mile west of Plum Grove road near Donkey Inn.

An inquest convened in the Danjensen funeral home in Palatine on Wednesday morning, returned a verdict of accidental death. Cause of death was definitely determined by an autopsy. Burial will be in Chicago. Mr. Leahy leaves a grown son and his wife.

He was to have begun work on Wednesday as driver for a dairy. His wife and son had been in Chicago since Sunday. Returning home about 9 o'clock Tuesday night, they found two dogs in their home sick. Going through an open door into the garage, the son found the third pet dead, and his father's still warm body in the auto.

He opened the doors, backed the auto into the open air, and called a doctor, whose efforts to restore life were useless. George Meyer, Palatine township constable, and state police officers S. Imbros and A. Knapp were called. The officers shot the suffering pets.

A JOB FOR PARENTS

Do automobile drivers of high school age need instruction in safe driving?" is the subject of bulletins recently received by Principal A. M. Conger of the high school, and upon examination of some of the charts contained in these bulletins, as published by the Travelers' Insurance Company, the following rather startling facts are disclosed:

In 1934 the ratio of drivers under 18 years of age involved in fatal accidents to the total of such drivers in all accidents, was 65 per cent more than the average for all drivers.

In attempting to analyze the reasons for this rather serious condition, the questions naturally follow:

"Are high school drivers more reckless or less informed on traffic regulations?"

Are the high school drivers likely to recognize their obligations to other drivers?

Do high school students receive sufficient driving instruction before being allowed to handle a car alone?

Several pupils attending the Arlington Heights high school have been injured during the past few months. There have been rather bad accidents, which have made it necessary to caution the pupils about their manner of driving in the vicinity of the high school.

It also has seemed wise to ask the parents to satisfy themselves as to the ability and trustworthiness of the driver of the car in which their children ride to school.

Several of the accidents which have occurred in the last few weeks might have been fatal to the occupants of the cars involved.

The Herald believes that more careful supervision should be kept over a young person of high school age when entrusted with the family car.

Eighth Grade Operetta Is Friday Night

The eighth grade of the Arlington Heights public school is presenting an operetta "Paints and Patches" Friday night in the Arlington Heights high school auditorium.

The cast includes many real and amusing characters with Gail Peterson as Rastus, de man of all work; Francis Oeflein as the dreamy professor of art, with his class of art students, Howard Wenzel, Wallace Schuett, Maxine Johnson, Lillian Fuhr, Patricia Haemker and others.

Teen and Neen, two gypsy girls, are played by Dorothy Hanauer and Ethel Long, while Evelyn Jarvis is the eccentric collector of gold pieces. Retta Carver and Ruth Bird play the parts of the Chinese maid, Teng Selah, and the servant, Amah, with Perry and Winkle the two policemen of the Town of Boluinkus played by Marvin Kuhl and Roger Colby. Howard Heller is a kindly old sheriff, and Harley Easton is the plain clothes man who knows Miss Kerriwinkle.

The choruses are peppy and made even more lively by the dancing girls, Jean Hanauer, Dorothy Hanauer, Grace Franke, Ethel Long, Bernice Garms, Helen Palmer, Esther Daggett and Evelyn Vogel.

The production is directed by Miss Fern Lorenzen. Accompaniments are played by Miss Elsie Bears, and the dancing is directed by Miss Bernice Diederich.

FEVER CASES GROW, OFFICER GIVES ADVICE

Four More Quarantined
Monday Bring Total
To 14

With four new cases of scarlet fever reported Monday morning to bring Arlington Heights' total of cases of that disease to 14, Levi Heap, village health officer, issued a set of five suggestions to help stamp out the contagions. They are:

"1. If your child does not feel well, especially if he complains of sore throat or nausea, put him to bed and keep all company out of the home and call your family doctor.

"2. If your child has a rash, keep all company out of the home, keep all of your children home from play and out of school, call your family doctor at once.

"3. If anyone in your family complains of sore throat or not feeling well, isolate him, preferably put him to bed, watch him, and if any more symptoms appear, call your doctor.

"4. Keep your quarantine. Scarlet fever is too dangerous for you to carelessly give it to your neighbor's children. When quarantine sign has been taken off your house, and according to the law there is still a week left before your children return to school, do not send them to the show nor to church nor any place where there will be a crowd. Keep them at home that week. Protect your neighbor's children.

"5. If you are not sure about your quarantine, ask the health officer when he puts the sign on your house, or send word to him and he will be glad to instruct you."

Cases of measles, Mr. Heap reported, are decreasing. Monday only 12 to 14 cases remained in the village.

New Band Master at Arlington High School

The board of education of Arlington Heights high school may be perfectly satisfied with the present band master, but the stork brought a new one to town last Friday when an 8½ pound son was born to Mr. and Mrs. Costain at the Evanston hospital. Dad says that the youngster has already demonstrated that he is possessed of good wind. "All of his playthings are going to be musical instruments," says Mr. Costain, "even if he usurps dad's job."

Henry Wiese, Pingree Grove, Well Known Here Passed Away Tuesday

Henry Wiese, a relative of the Meyer and other families in Wheeling and Elk Grove townships, died Tuesday. He was postmaster and police magistrate at Pingree Grove, also operated a grocery and delicatessen store.

Foxhead Moves to New Home on N-W Hy. and Foundry Road

C. J. Klock, local distributor of Foxhead Waukesha products has moved his distributing depot to 712 Foundry road, just east of the Northwest highway and the Arlington Seating Co.

Mr. Klock has found that his previous depot adjoining the Herald office was inadequate. The additional store space at the new location with living quarters above will enable him to give better service. His telephone number and street address are the same 712.

Postmaster Ben Helfers Now Retired

When Ben Helfers locked the door of the Arlington Heights postoffice Tuesday night, meant the completion of ten years of postal service, eight of them as postmaster. He became a clerk under Postmaster Wm. F. Meyer in 1926. Two years later, upon the retirement of Mr. Meyer, he was appointed to the position, which appointment was again made in 1930.

With the accession into power of the Democratic party, it was only a question of time before he would be replaced.

Although he had never entered politics and was not known as a republican or a Democrat, Mr. Helfers, won his original appointment to the position due to his pleasing personality, obliging service that he was always ready to give and his qualifications. It is seldom that such an appointment goes outside of political channels.

Mr. Helfers is still on the civil service postal list.

Mrs. Dodge New Postmistress
Mrs. Dodge is the first woman to ever hold the position of postmistress in Arlington Heights. When assuming her new duties Wednesday morning, she said, "I am ready for my job. As the postal regulations are very definite, a postmaster has little choice as to the manner in which the office shall be conducted, but it will be my aim to give as good a service as is possible."

CHRISTIAN SCIENCE CHURCHES

"Probation after Death" was the
subject of the Lesson-Sermon in all
Churches of Christ, Scientist, on
Sunday, April 28.

The Golden Text was, "God will
redeem my soul from the power of
the grave: for he shall receive me"
(Psalms 49:15).

Among the citations which com-
prised the Lesson-Sermon was the
following from the Bible: "The Lord
is my light and my salvation; whom
shall I fear? The Lord is the strength
of my life; of whom shall I be
afraid? Thou wilt show me the path
of life: in thy presence is fulness of
joy; at thy right hand there are
pleasures for evermore" (Psalms
27:1, 16:11).

The Lesson-Sermon also in-
cluded the following passages from
the Christian Science textbook,
"Science and Health with Key to the
Scriptures," by Mary Baker Eddy:
"We know that all will be changed
in the twinkling of an eye; when
the last trump shall sound; but this
last call of wisdom cannot come till
mortalities have already yielded to
lessor call in the growth of Christian
character" (p. 291).

WHO'S WHO

No business man too big to escape
By GEORGE

The Jim Farley of Arlington
Heights is none other than your
village treasurer, Wm. F. Meyer.
Born in Arlington Heights about
42 years ago, Bill had made his
presence known in the village ever
since that time. Attended the Luth-
eran parochial school and laid a
ground work for his public school
and high school debut.

He is a quiet sort of a man to-
day, but in his high school days
he was the perpetrator of the
many talked about escapades that
happened back about 1910 and
1911. The stories Mr. Gamble and
Miss Dale could tell about this boy
would be sensational—at least he
and another fellow were blamed
for being instrumental in remov-
ing the school bell for about a
month or so, and for other little
amusements such as filling the
ceiling ventilators with sand which
fell upon the principal's head at
the proper time, sending the school
into hysterics. Boy, oh boy, the
things I could tell about this Bill
Meyer.

He graduated in 1911 and start-
ed for Knox college, returned in a
short time because their football
teams were not so hot. In 1912,
he, Ralph Allison and George
Schneberger started for North-
western. He went out for football
and made his numerals. In his
English class, his reason for com-
ing to Northwestern was the best
written that year, and the Univer-
ity published thousands of copies
of this theme and sent them all
over the world. While at North-
western he and the other lads
joined Delta Upsilon fraternity.

When Bill returned to Arlington
Heights, he worked with this pa-
per and then received an appoint-
ment as postmaster of Arlington
Heights. He married a Kentucky
girl and they have a boy and a
girl. The boy is in grade school
and from reports I've heard I
wouldn't be surprised any day now
to hear that Bill Jr. had sudden-
ly disappeared in order to give the
school a holiday or two.

A change of administration in
Washington, and Bill lost his job
at the post office. He was al-
ways active in civic affairs and
the visual betterment of the vil-
lage. Through his efforts the vil-
lage secured the park system we
now have. He became a member
of the first park board. He has
also been president and secretary
of the Business Men's association
and many other honors.

He is now holding forth at the
village hall, receiving your money
for assessments and water bills,
dog taxes, vehicle tags and what
not. He and Fred Lorenzen are
the genial men who cheerfully ad-
just the occasional mistakes of the
water reader. They say that life
is beginning to take on a rosy hue
since the new well has been drilled.

You automobile owners would
hurry over and see Bill and get
your vehicle tags if you knew how
cheerfully Bill will take your
money—lines form to the right.

tract, Sandra decides she has had
enough, and leaves. Then Skeets,
as the combination friend and but-
ler, steps in, gets Jeffrey his con-
tract back, and brings the two
love-birds together.

Built Great Wall in Scotland

bankment than a wall. It was built

South Side Breezes

Richard, is the name chosen for
their new son by Mr. and Mrs.
Donald Costain. If you notice a
change in Mr. Costain's voice it
may be a note of pride or perhaps
it is from singing lullabies since
April 26.

Mr. and Mrs. Paul Wood at-
tended a dinner-dance Saturday
evening at Elgin Country club.
This was attended by state highway
personnel in honor of their district
engineer, who is leaving.

Mr. John Monroe is away for a
few days on a business trip to In-
diana.

Mr. and Mrs. Fred Ulmerback and
children drove to Elmhurst Sun-
day to call on Mr. and Mrs. Earl
Jacobson.

The circus has come to town! Or
anyway to Chicago. Mr. and Mrs.
Wm. McKaig, Mrs. Perrin and Ber-
nice went Monday night and were
as thrilled as when youngsters.

Miss Bernice Perrin is enjoying
a two weeks vacation, spent just
getting caught up on a lot of
things she hasn't had time to do
and visiting friends.

Mr. and Mrs. Chas. Klock are
moving from South Mitchell, closer
to their place of business.

The South Side club met Mon-
day afternoon with Mrs. George
Pfingsten.

The Des Plaines-Arlington
Heights club will meet this week
Friday with Mrs. Hugo Behrel.

Mrs. Homer Byrd and Mrs. O. G.
Barrett attended the P. E. O. con-
vention in Springfield three days
last week.

Mr. and Mrs. John Monroe and
son, Jackie, spent Sunday in
Woodstock with Rev. and Mrs.
Monroe.

Mr. and Mrs. John Sujack and
daughter, Audrey, visited Mrs.
Sujack's brother, Raymond Dahl-
strom in LaGrange, Sunday.

LaVerne Storms, who is conval-
escing from an appendicitis opera-
tion, is visiting her aunt in Chi-
cago.

The Mother and Daughter ban-
quet has been indefinitely post-
poned. Mrs. I. D. Allison, who is
program chairman, is quarantined
with her daughter, Margaret who
has scarlet fever.

The Gleaners Circle will meet
Friday evening.

Kinderheim Auxiliary To Present a Scenic and Pageant Drama

A rare treat is in store for Sun-
day evening, May 5, when "A
Dream of Queen Esther," a drama
of great scenic beauty and page-
antry will be presented by a large
and able cast at the Lutheran
school gymnasium at Des Plaines
at 8:00 p. m., under the auspices
of the Northwest branch of the
"Kinderheim Auxiliary" for the
benefit of the "Kinderheim" at Ad-
dison.

The cast includes many well
known members of the Walther
League of the Northwest area, and
a chorus of children from Arling-
ton Heights.

There will be only one presenta-
tion and all lovers of good drama
are urged to take advantage of
this opportunity to view this big
spectacle at a nominal cost. You
will find it entertaining and inspir-
ing.

This is the renowned play by
Walter Ben Hare, which has re-
ceived universal acclaim wherever
presented.

Don't forget to see "A Dream
of Queen Esther" Sunday, 8:00 p.
m., Lutheran school hall, Des
Plaines.

The Chautauqua Was Good Entertainment

The Chautauqua given by the
Ladies' Aid society of the M. E.
church was a great success and
well attended notwithstanding the
rain of the evening. The two hour
program was interesting from
start to finish. The music of the
"Gay Nineties" was an early fea-
ture and well produced.

The little play, so well put on
was an attraction of unusual merit.
Miss Stella Langworthy of the
whistling ensemble brought ap-
plause from all with her contralto
whistling solos, and was pleasing
in her presentations. The mis-
trel with which the evening en-
tertainment closed brought many a
disgust to the stage that made an
interesting study. The blending of
voices was excellent while William
Frankie, as general manager con-
ducted the program with his usual
grace and good nature. All pro-
moted it a great evening of mer-
chant.

The Mother and Daughter ban-
quet has been indefinitely post-
poned. Mrs. I. D. Allison, who is
program chairman, is quarantined

has scarlet fever.

Ladies' Aid Gives Style Show of the Early Nineties

There are style shows and style
shows, but few of the styles of one
that followed the luncheon given
by the ladies' aid of the Arlington
Heights Presbyterian church Tues-
day noon. Many a cedar chest was
opened and highly prized gowns of
the past again saw the light of
the day. The exhibit of the styles
of the early nineties and earlier
was a part of the program enjoyed
by the 200 women attending the
luncheon.

Of course there had to be a spin-
ning wheel in the picture and Mrs.
Draper, president of the club, and
a pioneer family wearing her
mother's clothes operated the
wheel, spinning the yarn as Ruth
Wenzel sang, "The Old Spinning
Wheel."

There was many a wedding gown
from olden days, but they were
modeled by others than the origi-
nal wearers. Catharine Behrens
wore the gown of Mrs. J. D. Flen-
tie; Mrs. Eleanor Hackbarth, that
of her mother's, Mrs. Adam; Mrs.
Norma Gustafson, the gown of
Mrs. Albert Meyer; Miss Jane
Frankie, the gown of Mrs. Wm.
Muller.

Mrs. John L. Grose modeled a
very charming costume of her
grandmother, including slippers
that is 75 years old. Mrs. E. A.
Eiffel wore a male costume that
included an Abraham Lincoln
beaver hat, a velvet vest and a
check quilted overcoat, all the ori-
ginal property of Miss Heller's
father. She also wore a handmade
shirt that is nearly a hundred
years old.

Eight little girls gave a may-
pole dance, the children being Carol
McWharter, Carol Peter, Kathryn
Nichols, Beyley Wayman, Peggy
Bowman, Mary Lou Thompson, Ed-
na Laubinger and Ann Volz. An-
other pretty number was "April
Showers" given by Carol and
Royce McWharther.

Mrs. Mitzlaff was soloist.
There were thirty costumes in
all, only a few of them being
mentioned above. Mrs. Noyes,
chairman of the program com-
mittee announced the style numbers.

It made her listeners eager to get home and try that newly acquired knowledge in salad art on their husbands.

The Welcome club are rapidly welcoming new members and doing good work in their cheerful, helpful spirit for their club and their church.

The St. Ann's club of St. James church held their meeting Wednesday last week in the home of Mrs. Philip Brehm. A delightful social time was shared by all present. Delicious refreshments were served by the charming hostess. At this meeting the following officers were elected for the ensuing year: President, Mrs. Edward Coy; secretary-treasurer, Mrs. Clarence Weber. The chairman of various committees will be appointed later. A new member was welcomed into the club, and they all hope that she will enjoy her entrance and meetings with the club as much as the club enjoys her being with them. The interest and cooperation of the members make this club give hopeful promise of becoming a very worthwhile club.

The next meeting will be with Mrs. Coy in her home in North Belmont avenue.

woods, the meadows, the brooks and streams all over—and no tax to pay on them. Think of such a glorious heritage. If you have a garden, or even a small flower bed, what joy you can get from the buds and blossoms, don't worry over the "runs" in your stockings, or the person who is reaping where you had sown—cheer up! If we don't enjoy and be glad in this, appreciate the good and beautiful things in life, how can you enjoy and be happy in the life beyond?

We were hurrying home the other day to work needing to be finished. Had heard of sorrow that came to some of our friends—and not in a most cheery mood when all at once we met one of our old time neighbors, Mrs. Dibley, who left here for Evanston, four or more years ago. It was like a bit of sunshine to see her cheery face again, and to know that all was well with herself and family. So many pleasant things come to us on life's pathway. Let us think on these things and be sure to radiate cheer to others who are sad.

Let's just mention kindly things. And just forget the bad ones. 'Tis cheering up a body needs. Then try to cheer the sad ones. If you have grief, don't cry. If it should sleep, to wake it. 'Tis braver far to smile than sigh. For life is what we make it.

There is a sunnyside to men if only you believe it. There is a light in every soul. If you in light—receive it.

O' yes, there is much good in all. And we perchance may wake it. That magic wand, held in your hand. Will prove life's what you make it.

Then here's to all who loving, shed Sweet joy and light about them. Before them blackest shadows fled; What could we do without them?

Change the subject! Surely it's time wasted to continue further—let each one do his own part in his own place and for the right as God gives him to see the right and all will yet be well. It is such a grand old world we live in if we would each—"you in your small corner and I in mine" keep our space bright and shining—let other mess their as they will; in the end we might win them to clear-up—world over.

As the days begin to lengthen. Let your resolutions strengthen To Advance; If you work, and keep a moving. On each effort still improving. At a glance; You'll see coming into view Opportunities for you, Seize your chance!

Preparedness seems to be the slogan of our National leaders—To be sure it has its good points; yet it may be carried too far. Is it to prepare our nation to build and care for our citizens than to spend vast sums in preparing for war, and lack the funds to educate the children of our own country? Some people are always digging their own graves, preparing to die—Once knew a man—Talket Fawley who in preparing to die—among other preparations got his coffin. Every night when he prepared for bed—or sleep he would dress in his best clothes to be "prepared for death"—yet he lived on and on, until finally his wife with a turn for thrift—took the unused coffin as a safe place to store her bread—and bakery stuff. Yes preparedness maybe misinterpreted. It is better to prepare to live as God means we should.

This world is so beautiful. The skies so blue, the sunset so glorious, the birds and flowers so cheery, and the songs like the heavenly music—that echoed round the heavens when the morning stars sang together and the Sons of men shouted for joy—when the creation was finished. This morning we were most sure we heard an oracle—and this afternoon when we were having such a happy time with Mrs. Wilke and her mother Mrs. Friesen—they suddenly spied a bobolink out in the garden—so now the whole chorus is complete.

Such a good old world and so many kind, good people in it! The

to a boy he met, "I hear your father is about opening a store; is it on this street?" "Yes," he opened it last night and the police are after him now; he didn't get much either." Of course you know it wasn't any store in our town he opened.

A robin sang right cheerfully. Tho the worm inside him wiggled. A wood pecker tapping on the tree. Stopped to listen and giggled. Good folks, why heed depression's rumor, And go in gloom about it—Be brave, and wake your sense of humor, Sing like the birds and flout it.

Yes, it is a sense of humor we all need to keep us sane, when all the world's in turmoil and confusion; and never more of them. Here is one just recently heard, might be a hint to Huey Long—and others of our off-interrupted public speakers. Charles Lamb was addressing a large audience, when some one in the crowd hissed. Lamb startled, said "who hissed?" There are but three creatures that hiss, the rooster, the rattlesnake, and the fool—stand up and let us see which of these you are." In the language of the Oxford Edition (Aint that awful?)

Here comes May first, and we must give it a bit of attention—in other years, we gave in observers column the history of the May day celebration. Just like history I repeat myself. I'll only remind you that Chiet I am many with his tribe of Indians on Manhattan Island had the first known May-pole dance, decked with his tribe dancing about it. And from this same Indian Chief, New York's noted Tammany power in politics got its name.

Let me just remind the younger generation, who too often are led by too many gloomy old folks to let May day and all other, bright happy days lose their charm as age comes on. Not so dear children—your May days will always be bright—if you keep the light of hope, love and expectation glowing within.

O' come with me a-maying, Life's morning is a joyous thing; We'll breathe our very life of it, And find the glorious thrill of it. While youth and hope are straying, Where all Earth's joy bells ring.

O' come with me a-maying, Life, it is such a gripping thing; We'll flash into the light of it, Bathed in the golden light of it, While pipes of fan are playing, For morn, and youth and spring.

O' come with me a-maying, Where meadow beauties bloom; Where bob-o-links and blue birds flit, And daisies deck the ways of it—Where violets are delaying, Till roses spill perfume.

O' come with me a-maying, Life, it is such a gripping thing; We'll rush into the maze of it, And bear the brunt and blame of it. With courage never staying, Defiant meet its sting.

O' come with me a-maying, Life's mid-way a mysterious thing; We'll march into the maze of it, To woo and win the ways of it; Though all the world is saying—Wisdom with years takes wing.

O' come with me a-maying, The woods with anthems ring; Where orioles and mock birds flit, And bluebells, bugles blow for it, And Thorn and crab-boughs swaying, Their blossom censurs swing.

"Three Men On A Horse" Continues
At Harris Theater

The laughing byword of Chicago right now is the enormously successful "Three Men on a Horse," the prize-winning stage comedy which prances along merrily at the Harris Theatre. According to Charles Collins, veteran drama critic of the Chicago Tribune, "this is the funniest show in years." Lloyd Lewis, of the Chicago Daily News, and a most interesting writer, in a feature article recently said:

"On New Year's day last, '3 Men on a Horse' was just another show getting ready for Broadway. It opened—a hit. Then came the Chicago company—another hit—and now the announcement from Alex Yvel that a third company of '3 Men on a Horse' is rehearsing day and night. This is the Boston company. It opens in Toronto on May 6. Not even the code can stay the triumphant pace of '3 Men on a Horse,' which right now is the money-winning comedy of the year. Three companies, and soon a fourth, as well as a London unit, which Yvel will do with Gilbert Miller. The Los Angeles company will open at the Biltmore Theatre to keep pace with the racing season before May is out.

"At the rate of production '3 Men on a Horse' is fast becoming an industry. Not since the boom days of the nineteen-twenties has the legitimate stage boasted of a hit with three and four companies, let alone two that thrived."

Ashton Stevens, famed critic of the Chicago American, writes about the Chicago company of "Three Men on a Horse." He says further: "Here is a comedy of a type that has come down through many ages of theatrical history without ever getting out of fashion. It is based on an ingenious idea that appeals to men and women alike—a fantastic way of getting money for nothing."

Size of Great Dismal Swamp
The great Dismal swamp in North Carolina and Virginia covers an area of about 1,500 square miles.

O' come with me a-maying, Life's evening's a victorious thing; Clothed in the crowning calm of it, Age dreads the darkness, not a wit, Beyond the shadows grayling, Hail! hail! I'm mortal spring!

"Luise, Kroenigin Von Preussen"
Ein Deutscher Sprech Film Ersten Ranges

Henny Porten ist auf der Hoehe ihres Schaffens in dem chon mit grosser Spannung erwarteten neuen deutschen Sprechfilm "Luise, Koenigin von Preussen," der am Freitag, Dieser Woche erstmalig Des Plaines Theater zur Auguehrung gelangen wird.

Als Vorlage fuer dieses umfangreiche und in seiner Art vorwaertswendige Werk diente der bekannte Roman von Walter von Molo, der noch immer auf dem deutschen und Weltbuchmarkt nicht vergessen ist und seinerzeit in hundert-tausenden von Exemplaren verbreitet wurde. Mit diesem Roman-Vorwurf ist auch schon die Grundhaltung dieses historischen Tonfilms vorgezeichnet: In gluecklicher Weise verbindet sich in diesem Werk das Nationale mit dem Allmaenschlichen und schafft so ein gewaltiges und erschuetterndes Gemaelde von ueberwaeltiger Wirkung.

Wenn Henny Porten natuermaes in der Gestalt der Hauptheldin den ganzen Film mit ihrer reifen Kunst beherrscht, so hat sie doch ebenbuerartige Partner neben sich: Gustav Gruendgens spielt den Koenig Friedrich Wilhelm III., Ekkehard Arendt verkuerpert die heroische Gestalt des Prinzen Louis Ferdinand, Wladimir Gaidewer tritt als ebenso schoener wie wankelmuetiger Zar aller Reussen, Alexander I., auf. Eine Gestalt von seltener Menschlichkeit und Guete trotz aller Barschheit ist die Graefin Voss Helene Fehdmers. Zuletzt und deshalb nicht am Rande sei Deutschlands deutscherster Schauspieler, Friedrich Kayssler, genannt, der den Freiherrn von Stein gibt: grossartig und einmalig.

THE DANGER SPOTS

One of the most astonishing results of the annual investigation of automobile accidents by the Illinois Automobile club brings to light the fact that nearly 70 per cent of the people killed during 1934 by the automobile were either crossing streets in the middle of the block, crossing at intersections against signals or diagonally, darting out into the street from behind parked cars or walking along rural highways.

LEYDEN WINS IN FIRST GAME WITH ARLINGTON

Five runs in seventh bring 10-8 victory; Cards once ahead 8-1.

In their first conference start of the season Arlington's baseball team dropped a weird affair 10-8 to Leyden, Friday. At one time in the game Arlington led 7-0 then 8-1. Then they collapsed entirely. Leyden scored five runs in the seventh inning.

In the last half of the seventh Arlington's three batters committed the unforgivable sin of taking the third strike with their bat on their shoulders. All three men went down without a swing.

The Cardinals apparently had the game in the bag and seemed to think so. They immediately hopped on Williams, Leyden's starting pitcher, for all their runs. Then they started dropping the ball and throwing it around promiscuously. Leyden had been disheartened, but took new life at the signs of Arlington's carelessness. Misplays and errors got Mel Kehe, Arlington's twirler, in the hole. Then Leyden started connecting with solid hits and hammered out earned runs in the seventh.

Speedway Opening Will Be Sunday

Automobile racing is destined for its greatest year in popular appeal and in added interest being shown in the building of dozens of new cars throughout the country. Many of the cars entered at Indianapolis for the 500 mile grid will get their first speed test of the season Sunday at the opening of the new speedway at River road and North avenue.

The early racing date was assigned to Chicago to allow some of the drivers the opportunity of earning some prize money and affording a chance to get the "bugs" out of their motors for the big grid.

RED WINGS WIN FROM CHICAGO IN FIRST GAME

Schaefer and Diederich Pitch to 22-5 victory; Barrington at Arlington Sunday.

Before a crowd of fans that lined the field despite the cold weather, the Arlington Red Wings won their opening game last Sunday in mid-season style by trouncing the Gately Wheelers of Chicago 22 to 5, with Schaefer and Diederich pitching the Red Birds to an easy victory.

Conlin, starting pitcher for the Wheelers, had two good innings at the start, but was removed in the fifth inning, and was succeeded by Revell, Russell, and Cardinal, the Wheelers using four pitchers in an attempt to stop the hard hitting Arlington team.

Schaefer, the winning pitcher, got an early jump on the Chicago boys by hearing down from the start, until the seventh inning when he was relieved by Billy Diederich, now a regular addition to the Red Wing pitching staff. He finished the game to prove his worth as one of the regulars on the mound for the Red Wings.

With this addition, the Red Wings now have three dependable pitchers, the other being "Peanuts" Meyer. Behind the plate, Roy Bolte again is telling those boys just what to feed the batters. In a change of position to first base, Ray Willert, former outfielder, gave a good account of himself.

Although Sunday's game was a one-sided affair the crowd was treated to some good clean hitting and long driving. Frank Brodman collected two triples, Bolte a triple, and Schaefer and Willert, doubles. Sunday afternoon at 3 o'clock the Red Wings will meet the Barrington nine at the Red Wing ball park. These two teams split even in a two game series last season.

DISTRICT MEET SATURDAY
Track and field stars from high schools throughout this area will meet at Evanston Saturday in the annual district meet. Winners will go to Urbana the following week to seek state honors.

MEET TUESDAY AFTERNOON
Bensenville and Palatine high school freshmen and sophomores will compete in a track meet at Bensenville, Tuesday afternoon.

Bing Crosby in

"Mississippi" at the

Rialto Next Week

Songs, comedy and romance in a colorful tale of the old South are the entertainment features offered in Paramount's "Mississippi," starring Bing Crosby, W. C. Fields and Joan Bennett and coming Sunday for four days to the Rialto Theatre, Elgin.

"Mississippi" is the story of the Yankee youth who became the terror of the dueling and fighting South and then reformed to win Dixie's love and belle.

Crosby introduces four new Rodgers and Hart tunes in "Mississippi," as well as a special arrangement of that perennial favorite, "Swanee." He is assisted in the singing by Queenie Smith, star of the musical comedy stage, and The Cabin Kids.

Directed by Edward Sutherland, "Mississippi" features John Miljan, Gail Patrick, Fred Kohler and Claude Gillingwater in the dramatic cast. The picture was adapted from the play by Booth Tarkington.

Diets for Reducing Discussed in Bulletin of Agriculture College

Women, and even men, who succumb to the popular urge for reducing will find there are no safe short cuts and no magic methods by which weight may be lost, according to a new circular, "Sane Reducing Diets and How to Plan Them," which has just been issued by the College of Agriculture, University of Illinois. Miss Harriet T. Barto, assistant professor of dietetics, is author.

While there is no magic method, it is not necessary to resort to semi starvation or to peculiar combinations of food entirely unlike an ordinary diet in order to lose weight, Miss Barto explains. Planning a sane reducing diet is simple, for such a diet differs from an adequate diet for a person of so-called normal weight only in the number of calories it supplies, she said. It is entirely possible, she says, to lose weight and at the same time to enjoy meals that look and taste appetizing and are ample enough to prevent a feeling of dissatisfaction and hunger.

Illinois Dunes Park Opened Last Saturday For Its Second Season

More than 100,000 persons are expected this summer at Dunes Park of Illinois, Chicago's newest natural playground between Waukegan and the Wisconsin state line. It's second season opened Sunday. The park has 1500 acres of woods and dunes, and along its three and one-half miles of Lake Michigan beach.

As was the policy last year, the area which is the last tract of its kind in Illinois, available to the public, will be kept in its present natural condition. An admission charge of 10 cents per person will be collected. One-third of the receipts after taxes, go into a fund for the purchase of the land which it is planned to convert into a permanent state park.

Conservation societies are co-operating in preserving the natural character of the area. More than 200 varieties of birds and scores of kinds of flowers are found in the park. One of the chief points of interest is the forest of pines which were planted nearly 70 years ago by the late Robert Douglas, a pioneer of Lake county.

Planning Model Contest—

Boys and girls in the Cook county schools are competing in a non-flying scale model airplane contest for air-minded boys and girls in the 400 county schools. The winners of this contest will receive an Otto F. Aken trophy and winners in the six school divisions will be awarded winners' wristlet identification tags. The contest closes this week. County Superintendent Aken is pictured discussing plans for the contest with (left to right) Raymond Pankow, Philip Sedory, Gordon Plan, Stanley Janziewicz and George Herbert.

M. R. LEAHY, N. W. PASSENGER AGT. WITH ROAD FIFTY YEARS

Local Resident, B. E. Terping, Gen. Supt. of Operations Approaching Fiftieth Anniversary;
Associate of Leahy for Years

Morris R. Leahy, General Passenger Agent of the Chicago and North Western Railway, Chicago, will celebrate his 50th anniversary of service with the road Saturday, April 27.

Mr. Leahy, who has held his present high position in the passenger department since 1923, started his career with the North Western on April 27, 1885, as a night telegraph operator at Elizabeth street, Milwaukee. For a short time in 1887 he was located in Omaha, Nebraska, but came to Chicago late in that year serving as telegraph operator here until 1892.

Between 1892 and 1914 he progressed from secretary to assistant chief clerk to chief clerk in the Passenger Department and in 1914 was made assistant general passenger agent of the road.

In 1923 he assumed the position of General Passenger Agent.

Mr. Leahy is a native of the state of Wisconsin and is very active in the Wisconsin Society of Chicago. He was born in Janesville, Wisconsin. He is one of the best known of the North Western Railway officials throughout the Middle West.

Commuters and travelers see his name more frequently than any other on the railroad since it is printed on most types of tickets sold by the Chicago and North Western Railway.

Terping, Past 40 Yrs. Service

Local residents and commuters are perhaps better acquainted personally with our own neighbor and high official of the North Western, B. E. Terping, whose name is not so well known to the railroad's customers as the General Passenger Agent's. As General Superintendent of operation, Mr. Terping's name appears on the orders which are the law for the operating superintendents throughout the system, just as Mr. Leahy's orders are the law governing the passenger service. Mr. Terping and Mr. Leahy have been close friends, as well as associates in the North Western general office, for years and both men have reached their present high positions by the well known railroad system of "up through the ranks."

Mr. Terping is junior to Mr. Leahy, in years of service, by only a short while. Before many years Mr. Terping will be celebrating his fiftieth anniversary of service. He started more than forty years ago as a telegraph operator, and has been train dispatcher, and Division Superintendent, at the time of the completion of the Madison Street Station he was superintendent of the terminal.

Mr. and Mrs. Terping have been residents of Mt. Prospect since 1928, when they bought their home at 420 South Pine street, and moved here from Park Ridge. Since that time Mr. Terping has been active in community life, in the promotion of the welfare of the village, serving as president of Improvement Association in the most active year of its colorful history and becoming during these years one of the best loved and most highly respected of the town's citizens. Affectionately and respectfully referred to by his associates in the railroad's operating department as "The Old Man," he is known by his neighbors as "Terp" and typifies to all who know him the prestige of the North Western, and the type of straightforward hard hitting "straight shooter" that are typical of the railroad service.

American Legion Auxiliary

Mrs. Albert Pierce entertained the Auxiliary members at a luncheon Monday, at which time the second Americanism study group discussed "subversive propaganda." Monday, May 27, will be Poppy day in Mount Prospect. On that day the ladies of the Legion Auxiliary will distribute little red poppies on the streets to be worn in honor of the World War dead. The observance here will be a part of the annual nation-wide observance of Poppy Day, during which millions of Americans will pay tribute to the memory of the war dead by wearing memorial poppies.

Poppy day activities here will be conducted by Mrs. Geo. Cunningham, and her committee. The poppies have been ordered from a veteran's hospital, where they have been made by World War Veterans who are disabled. The poppy making has provided employment for needy veterans through the winter and spring months, enabling them to help support themselves and families. Public response on Poppy Day will determine how soon and how extensively this work can be re-opened.

In exchange for the poppies, the Auxiliary women will ask each person to make a contribution for the welfare of the war's living victims, the disabled veterans, the widows and the fatherless children of veterans. This money will be used entirely in the welfare work of the Legion and Auxiliary.

The Juniors met at the home of Shirley Carlson, with thirteen members present. A card of thanks was read from the Juniors' orphan at Normal, for the Easter egg they sent her. Cards were sent to the girls on the sick list.

Fifteen girls turned out Easter Monday to hunt for eggs and all but one was found. The president of the Auxiliary, Mrs. Verret, went home in tears because she did not find one, and believe it or not she hunted hard enough.

The Juniors are arranging a program for the later part of May, to be given in the public school basement. A small charge will be made, and further details will appear in the paper at a later date.

P. T. A. Notice

The spring meeting of the N. W. Council of P. T. A. will be held Friday, May 10, 1935, at the St. Luke's church of Park Ridge, at 10:00 a. m.

Many interesting round table discussions are being arranged. Officers, chairmen and members are urged to attend.

Luncheon reservations must be made before May 7, to Mrs. Hauptly, 937-W. This is the last council meeting until September.

Ladies' Aid to Give Luncheon May 21

The Mt. Prospect Ladies Aid of the Lutheran church will give a dessert luncheon on Tuesday, May 21st at 1 o'clock, followed by cards and buncos, in the school hall. Table prizes and a door prize will be given. A small fee for admission will be charged. A cordial welcome is extended to all to attend.

Cub Scouts Notice

The Cub Scouts will meet again on Friday, May 3, at 7:00 p. m., in the public school. From now on the Cub meetings will be held on the first and third Friday only. The meeting following this one will be held on Friday, May 17, and then the next meeting will be on Friday, June 7.

The P. T. A. "Summer Round Up" will be held Wednesday morning, May 8, at the village hall. All Children of the village who will enter first grade next year can have the privilege of this service.

Vallee Is Tonight's Star In Catlow Offering;

'West Point of Air' Next

Rudy Vallee is starred in "Sweet Music," the Friday-Saturday offering at the Catlow theatre, Barington. In addition to Rudy there are seven other stars: Ned Sparks, Helen Morgan, Bob Armstrong, Allen Jenkins, Alice White, Joe Cawthorn and Al Shean. "Sweet Music" is primarily a comedy number, but the two bands, the new songs, the girls and the dancing build the film up to high entertainment value.

Sunday and Monday brings Wallace Beery in "West Point of the Air." An imposing cast, headed by Robert Young, Maureen O'Sullivan, Lewis Stone and James Gleason are in support. The story deals with the young army cadets who fight for a chance to "try their wings." It is filled with new thrills, romance and admirable photography. A "Popeye" cartoon, a reel picturing Donkey baseball, the

late news and Community singing are added items of interest for this bill.

The bargain night picture, next Tuesday, will be Mr. and Mrs. Martin Johnson's aerial epic over Africa, "Baboonia." It will be followed by Will Rogers, latest hit, "Life Begins at Forty." The story in brief concerns a small town newspaper editor who concerns a crooked banker and mends a couple of broken hearts through the exercise of shrewdness and shafts of typical Rogers' wit.

CUTWORMS A THREAT

Cutworms, one of the worst pests of Illinois gardens, threaten to be abundant this year, particularly in those gardens that were in sod during 1934 or that grew up in rank vegetation during the past summer and fall, it is reported by L. H. Shropshire, assistant entomologist of the Illinois State Natural History Survey, who is co-operating with the College of Agriculture, University of Illinois.

NOTICE OF HEALTH DEPARTMENT

We have just had a mild epidemic of measles; let that be a warning. Numerous cases of scarlet fever are reported in the towns around us; some schools have been closed; we have now two families with this serious disease. The mortality of scarlet fever varies from 1 to 5 per cent and many complications occur: Ear infections, mastoid disease, meningitis, arthritis, heart complications, pneumonia, kidney conditions, etc.

There are positive methods of preventing scarlet fever. Individuals may be divided into two groups and treated as follows:

1. Those not recently exposed. Skin (Dick) test should be performed on all. If positive this individual should be actively immunized with five doses of scarlet fever toxin.

2. Those recently exposed. These people should be tested immediately. If positive, may be treated as follows: A—A preventive dose of scarlet fever antitoxin is given, and one week later the active immunization with the five doses of toxin is begun; B—The preventive dose may be given on the appearance of any symptoms of the disease; if no symptoms develop at the end of one week, then active immunization is begun.

Boy Scouts

Troop 3 had an inter-patrol contest last Tuesday and the results were as follows:

Indians 14
Wildcats 13
P. O. Q. 12
Wolf 11

The Wolf patrol had only one man, Baumann, who won knot tying and compass but couldn't handle the rest.

This was a practice meet for the Spring Rally that is coming soon. The Mother's Day program is going to be very interesting. It is going to be held May 12, at Dyche gym in Evanston.
